These notes include useful information on particular features relevant to this circuit and how the meeting will operate. All competitors are urged to be familiar with them. The staff at race admin or Clerks of course will also be pleased to assist with any questions.

11 Circuit Access**11.1 Vehicles in garages**

You will access the circuit via the Assembly Area.

11.2 All other competitors

You will access the circuit via the Assembly Area.

12 Practice

Practice will take place as per the timetable. It is the driver's responsibility to be ready at least 20 minutes before their timetabled session. Scrutineering Labels must be affixed to the vehicle and clearly displayed before it is allowed onto the track. Drivers should go to the Assembly Area 20 minutes before published times unless otherwise instructed and then when directed by the course marshal they should proceed onto the circuit.

Double Header Races: Unless championship/series regulations stipulate otherwise, grids for the second race of a Double header event with only one practice session will be based on the second fastest practice times.

13 Race Start Procedure / Grids / Safety Car

All start procedures will be in accordance with the Championship/Series regulations. It is the competitor's responsibility to ensure that they are ready in good time. Under ideal conditions the racing programme may be brought forward by up to 30 minutes. Grids will be formed as per Championship/Series Regulations and the terms of the Circuit Licence.

Where races are set for a time duration, the Chequered flag will be shown to the race leader the first time he passes the Finish Line after the time has elapsed.

13.1 Standing Start

All competitors will be directed onto the grid. The marshals will then direct you to the correct qualification grid position. **For races WITH a Green Flag Lap** (see timetable) once all drivers are stationary there will be a one minute countdown; 30 second board and then the cars will be flagged away for the green flag lap. Once this lap has been completed and vehicles are stationary, the 5 second board will be shown, the red lights will be displayed and at some time between 2 and 7 seconds the red lights will switch off – signalling the start of the race. **For races WITH NO Green Flag Lap** after the 30 second board the 5 second board will be shown, the red lights will be displayed and at some time between 2 and 7 seconds the red lights will switch off – signalling the start of the race.

Competitors are reminded that the green flag lap must be completed at an appropriate speed (not too slowly) without any undue delay. Should the completion of the green flag lap be in excess of 4 minutes, then at the discretion of the Clerk of the Course any time in excess of the 4 minutes may be deducted from the race duration.

13.2 Rolling Start

Cars will be pre-gridded in the Assembly area then released to the grid, there will then be a 1 minute / 30 second countdown followed by the start of the Pace lap behind a Lead Car. Once the Lead Car has returned to the pits the red lights will switch off – signalling the start of the race. Please note that should conditions deteriorate from dry to wet (Q12.9.8) there will be two laps behind the Lead Car. Whilst on the Rolling Lap the Lead Car Driver or Observer or a Judge of Fact will assess the grid and if they are not satisfied that the formation is correct, they may elect to do a further Rolling Lap prior to the start to allow drivers to regain their correct positions. If after the Lead Car has pulled into the Pit Lane, the Starter judges that the grid is not in good formation as it approaches the Start line, he may leave the Start Lights at Red. In these circumstances, all cars should proceed slowly round the circuit and stop back in position on the grid. The Start procedure will be recommenced at the 1 minute signal, behind the Lead Car. It is the driver's responsibility to insure they are fully aware of the full start procedures in section 2.6 of their Championship Regulations. The race timing will commence at the time of the first start irrespective of whether it is aborted or not.

The following Championship/Series will use a Rolling Start:

Bikesports, Club Enduro

13.3 Safety Car Intervention (ALL RACES)

The Clerk of the Course will have the facility for the use of the safety car in ALL practice sessions and races. It is the driver's responsibility to make sure they are fully aware of these regulations. The safety car will access and exit the circuit via the pit lane and safety car boards will be shown from the Start line gantry.

End Of Track Session Procedure

14.1 All Track Sessions

At the end of each track session be it practice or the actual race, all vehicles must slow down after taking the chequered flag and leave the circuit via the Pitlane and then proceed as directed by officials.

14.2 Parc Ferme

Parc Ferme for all races will be next to the Scrutineering Bay. Access to parc fermé is restricted to drivers only. Drivers under 18 must be accompanied in parc fermé by the parent or guardian who has signed on for the event. Parc Fermé conditions apply at all times after taking the chequered flag until cars are released by the scrutineers. No work may be carried out on any vehicle without the permission of a scrutineer or official. Failure to comply with the above, or with the instructions of any official, may result in penalties as per C 2.1.1 being applied.

14.3 At the end of your race, presentations will be carried out in accordance with championship/series regulations. Please follow instructions of championship / series coordinators and Formula Reps etc. In the case where the presentation does not take place competitors should report to the Paddock/Race Secretaries office.

15 Judges

Judges may be appointed as MOTORSPORT UK Competitors Yearbook [Q18].

16 Race Day Information

The organisers will try to run the programme as published, but they reserve the right to delay or bring forward event times to suit the conditions of the day. Copies of practice times, grid sheets, provisional results & official bulletins etc will be available from Race Administration.
